Team Manager Reference Manual

Introduction

This manual provides information for new Team Managers and a reference for experienced Team Managers. The purpose is to reduce the effort of operating a club team and improve the quality and consistency of the teams.

The first part provides an overview of the Team Manager role and team planning. The second part provides information on administrative procedures, tips, examples, etc. to help with the day-to-day operation of the club team. The last part provides frequently used references to get help, further information required forms, etc.

What is a Team Manager?

The Team Manager is a volunteer position that is key in creating and maintaining competitive club teams. In turn, the teams are a key element of the Club's mission to provide for the physical, mental, and social development of boys and girls of all ages, all skill levels, and all athletic abilities through the game of soccer.

Before we get into some of the details, it is important that all Team managers understand that they are encouraged to **Delegate** as many duties as possible to other parents on the team. Don't be shy about asking for help. Everyone should be involved in creating a successful team.

The list of Team Manager duties can appear quite extensive, particularly if this is your first time as manager. However, you can get help from other parents! Also, you can contact the Director for help.

Being a Team Manager is a lot like playing soccer. It takes some perseverance, a "can-do" attitude, some practice and effort. Organizational skills and help from your teammates to be successful.

The Team Manager generally provides:

- Team leadership (with Coach)
- Liaison between FFC and the team (Parents & Players)
- Team administration
- Team Treasurer

Team Managers help define team objectives and soccer programs that challenge players (and often parents) in order to maximize player development and growth. Team Managers do not select players, run practices, or make game decisions – that is the role of the coach. By focusing on communications and administration, the coach is free to focus on team and player development and growth. Liaison includes attending Manager Meetings to represent the team and parents, and communicating philosophies, policies, benefits, events, etc. to the parents.

Administration includes registration (team, league, and tournaments), team communications (phone trees, e-mails, web sites, letters, etc.) and team records. Since managing a club team requires significant effort, responsibilities are often distributed to several team parents and coordinated by the Team Manager. FFC recognizes the Team Manager position as both a challenging responsibility and a vital element of the club and competitive soccer.

Team Meeting:

The purpose of having an initial team meeting is to enable the parents, players and coaches to understand the following:

- Objectives and goals of the program
- Meet the coach and learn of their experience and coaching background
- Financial obligations and commitments during registration fees, coaching fees, tournament fees and team expenses
- Distribute handouts such as team roster, schedule of practices, team goals and rules, etc.
- Have coach present coaching philosophy and methods
- Specifics of the program, including required equipment, Club Tournaments participation, practice locations, and general team policies
- Recruit team volunteer positions such as treasurer, tournament manager, uniform coordinator, etc.
- Facilitate paperwork for player and administrator registration
- Collect documentation needed for the team binder (e.g. birth certificate, photo, etc.)
- Complete uniform orders and collect required payment
- Inform parents of team camps, academy, and other programs
- Address questions and concerns from parents

Topics of discussion:

What can you promise the players and their families?

- You can mention the team entitlement (bronze, silver, etc..) for the coming year and not much else.
- You cannot promise a position, scholarship, fee waiver or exemption from required volunteer work to the player or his/her family.
- When will practices begin and where will they be held?
- This is an important piece of information because each player on the team will have conflicting weekly schedules.
- The sooner you can let the parents know, the sooner they can make needed adjustments.
- Try not to make changes in the middle of the year since many parents will have already made schedule adjustments.

Which tournaments is the coach interested in playing prior to the start of the fall season?

- Work with the coach to prepare a list of tournaments that he/she feels the team must attend.
 - Prepare a list of optional tournaments for the parents so they can determine how each fit into their schedule.
 - Make sure the tournaments that the coach feels are “required” are clearly noted.
 - Several of your families will take vacations during the summer months, so it doesn’t make sense to register for a tournament that only half your players can attend.
 - New coaches may not have firm idea of tournaments they would like to participate.
 - to rely on the Director of Coaching, the VP of Competitive, or some more knowledgeable parents to help guide through this process.
 - CYSA-South (www.calsouth.com) keeps an updated list of approved tournaments on its website.

What is the coaching philosophy for the season?

- It may sound like an over simplification, but coaches often have specific strategies that they will pursue with teams in certain age groups.

History and Philosophy:

Club History

Freedom Futbol Club was created in March 2008 after the Stampede Soccer Club of Chino Hills dissolved. Our founder, Curt Jensen, saw a need for a soccer club created with the youth players, and their development in mind.

The club started with 4 new (original) teams and 5 teams that transferred from other local clubs. With 9 teams the club registered for competition in Coast Soccer League and found immediate success. In our first year, those 9 teams achieved an over 50% win percentage.

From these humble beginnings, our club has grown each year of its existence and we are proud of our achievements so far.

Our Philosophy

Freedom Futbol Club is dedicated to instilling the love of soccer through the education and development of youth players, committed to creating winners on and off the field.

The goals of Freedom Futbol Club are:

- To tap into the spirit in each player, extending it well beyond the sport
- To have players perform at their highest ability
- To compete with dignity, respect, integrity and sportsmanship
- To create an athletic experience, within a fun, healthy and positive environment
- To demonstrate the rewards of playing the game of soccer and being part of a team

- To encourage creativity and imagination within the game.

The realization of these goals will produce meaningful and lasting memories, not just for the players, but for family and friends as well, demonstrating that soccer is more than just a sport.

Team Manager Administration

Team Binder

Each team is required to carry at all games and tournaments a “team binder”. The following outlines what should be included in the binder:

- Official team roster
- Phone list of all players and coaches
- Pencil/pen bag
- 2” metal ring for player/coach/administrator cards
- Protector sheets
- Medical Release Forms
- Player birth certificate copy
- Administrator forms
- League and any other soccer Rulebooks
- Laminated player/coach/administrator cards
- Schedules and forms
- Financial information sheet
- Game day rosters

Card Ring

- Punch a hole in each laminated card and thread them in alphabetical order on the metal ring.

Player Information

- In a protector sheet (one per player) place the Medical Release Form in front and player birth certificate in the back. These should be placed in alphabetical order in the binder. It is recommended to highlight the player name and date of birth for easier referencing on Medical Release Form and birth certificate.

Administrator Information

- In a protector sheet place the Program Administrator forms for each individual.

Risk Management Card:

Each person working directly with the players is required to have a Risk Management Card. This is the process of being fingerprinted and processed through the Department of Justice. To coach a team, you must have a coaching license and a blue Risk Management card that identifies you. If you do not have a license, you will be issued a white card. This indicates you can be with the players, but are not licensed to coach.

Risk Management is an important part of the Kid Safe Program, which Cal South has adopted. It is the policy of Cal South that every reasonable effort will be taken under the Kid Safe program to exclude from program responsibilities (not to be confused with parental responsibilities affecting their own children) any adult or minor with a documented history of child molestation, e. g., a criminal record, that would bring unnecessary risk to the health and safety of Cal South's soccer program participants.

All Program Administrators shall agree to be subject to a legally sensitive criminal history check (which may require fingerprinting) before or during their participation in the Cal South soccer program. Any individual having direct contact with the players, as well as any individual having direct access to the player's personal data must comply with the above rule and must apply to receive a Risk Management Card by completing a Level "A" Risk Management Disclosure Form. For more on this issue please visit www.calsouth.com

To register for Administrator and registered manager, please fill out the form [here](#) and submit to the Club Registrar.

Communication

The Team Manger is responsible for communicating with the team and parents. The following methods are typically used:

- E-Mail
- SMS / Groupme / Teamchat / Facebook
- Team Meetings

E-mail and social media tools is emerging as the most common, efficient, and effective means for communication. FFC extensively uses e-mail communications to avoid postage costs, time-consuming phone calls, and reduce communication errors. A phone tree is strongly recommended. This provides the fastest means to reach parents with urgent or time-dependent information. Generally, the team is divided into four groups with a group leader to call the members in their group. An alternative is to call sequentially through the group and if a person is not contacted, leave them a message, call the next person in sequence until a contact is made (who then continues down the phone tree branch).

Team Meetings are also strongly recommended:

- Work with the Team Coach to communicate to players/parents on practice schedules, games and tournaments, fund-raising activities, Club events, etc.
- If possible, help Team Coach with any issues that might arise with parents.
- Prepare list of player names, parent names, phone numbers, cell numbers, etc., for each player and coach. Follow the coach's direction in amending rosters. This includes dealing directly with club registrar in registering and releasing of players.
- After the League provide game schedules with field locations/directions, prepare a packet to give to each player.

- Articles and photos of team accomplishments are always encouraged to be submitted to the local newspapers and the club website

Finances/Fundraising

- Any money collected from parents for payment is deposited into the Team's bank account.
- Where appropriate, track fund-raising to the individual player
- Take charge of cash involved in the fund-raising activity and account for inputs/outputs.
- Communicate with the Treasurer any money issues.

Sponsorships:

- Team or individual sponsorships are to use the Sponsor Form.
- Make copy of the Sponsorship Form for team records.
- Upon receipt of sponsorships, give 2 copies of Sponsor Form and check to Club Treasurer.

Delegating:

Dividing Team Manager Responsibilities

Several team management functions can be divided among parents. This improves involvement and is vital to ensure the Team Manager is not overburdened and to retain Team Managers.

These functions must be clearly defined to prevent gaps or overlapping responsibilities and to maintain continuity of critical records that are required to play in leagues and tournaments.

Some of these functions include:

- Team Fundraiser & Sponsorships
- Tournament Coordinator
- Hotel Coordinator
- Team Statistician
- Team Website
- Social Director

Manager Meetings

It is mandatory for managers to attend the meetings. At these meetings the Club VP or representative will go over many agenda items pertaining to Freedom Football Club, CYSA, Coast Soccer League and SCDSL. This is a time where managers can get information to take back to their team parents and let them know what is happening. If you, as manager cannot attend the managers meeting, please send a representative from your team.

Website Management and Updates

The Manager is responsible for updating and maintaining both the Freedom and SCDSL websites. This includes updated roster information, coach and contact info. This is the only way SCDSL and other teams contact you in case of any league updates.

SCDSL Website:

- [SCDSL Website](#)
- login information for the team homepage when the season is initiated and all roster and contacts needs to be updated

Field Allocation and Status

<https://freedomfc.demosphere-secure.com/team-administrators/logistics>

Practices

Fields are allocated and planned by the Director of Operations, your Director of Coaching, and Coaches every quarter, Spring, Summer, Fall, Winter. This is because that is when we get our field allocations from City of Pomona, Chino, Chino Hills and Cal Poly.

Seasonal Games

Freedom FC will provide home fields for only the regular season games for SCDSL. To date, Freedom does not provide home fields for any other leagues or seasons.

Once everyone has signed up, they will receive notice for ANY field closures on their mobile phone.

In addition, leadership will try their best to notify managers and coaches in advance via email distribution group. However, we highly suggest all parents to leverage the RainedOut tool so you do not have to notify teams individually one at a time.
